

# Robbinsdale Nutrition Services

## Important Things to Know...

- **Application for Educational Benefits**– Provides assistance in paying for meals, reduced fees for school activities and additional funding directly to the classroom. Applications can be completed online at [rocketscan.rdale.org](http://rocketscan.rdale.org). Paper applications are available in the school or district office. **A new application for education benefits is required at the start of each school year.**

- **Meal Prices**- School meals are a great value and a huge convenience for busy families, too!

Meal prices for the 2018-19 school year are as follows:

Elementary: \$2.50

Middle School: \$2.70

High School: \$2.85

Breakfast for all students: \$1.40

Students bringing lunch from home may purchase a milk for \$.50

- **Meal Payments**- School meals are on a prepaid system. Payments can be made by sending a check or cash to the school in an envelope with students' name and grade. Payments may also be made on PayPams via credit card. PayPams charges a 4.6% transaction fee for deposits. If you use Bill Pay through your banking facility, this is a good option for making payments as well.

Meal account balances and purchases can be viewed by registering with PayPams. Balances are also available on the Parent Portal.

- **Pin Numbers**- All students will receive a pin number, which will remain with the student throughout their years with Robbinsdale Area Schools. Pin numbers should not be shared with others.
- **School Menus**- Menus are available on the district web site [rdale.org](http://rdale.org) or at [rdale.nutrislice.com](http://rdale.nutrislice.com). Download Nutrislice on your smartphone. Search for "School Lunch by Nutrislice" on GooglePlay or the App Store. Using our interactive website, you can see a description and nutrition facts for each item. Allergen and images for each item will be coming this year.
- **Questions?** More information can be found on our Nutrition Department webpage at [www.rdale.org/nutrition](http://www.rdale.org/nutrition) or you can call our office at 763-504-8050.
