

# AHS Unified Club

**What?** The AHS Special Olympics Unified Club is for students with and without intellectual abilities. The Club is designed to empower youth and youth leaders to promote acceptance, respect, community change and social impact through a variety of inclusive athletic, social, and recreational activities held throughout the year. Opportunities are provided for ALL to engage TOGETHER, attending school activities and events, celebrating our differences in a positive way, making new friendships, and becoming more involved with the school community. Offered events include dances, sporting events, plays, concerts, outside instructors, indoor/outdoor activities, community outreach, fundraising like the Polar Plunge, and making the world better!

**When?** Our website, emails and social media will keep you informed of event dates and details, and offer a signup for you when you can attend! We typically meet 3-4 times a month, directly after school until 4:00p; however some events are in the evenings such as the Homecoming Parade, Band Variety Show, school dances, etc.

**Cost?** **FREE** Registration; Minimal cost for individual events such as dances, etc.
